## Notice of Fraud Alert

We have recently been made aware of several scams falsely using the name of our Group and fraudsters faking identities as our staff on the internet. These scams have involved the following fraudulent activities:

1. Illegal use of the information within our official websites without our Group's authorization by copying or plagiarizing the contents of our official websites;
2. Using the name of our Group or faking the identities of the staff of our Group by fraudsters thereby offering the quotation, trying to solicit cooperation opportunities purportedly, and requesting to change the bank information for the remittance for the Group.

We would like to make the public aware of the following:

1. We have not created any email account other than the one associated with the domain name [@ni-co.com](mailto:@ni-co.com). Any email that claims to be from our group is fake and misleading. Any activities mentioned in such emails are not related to or connected with our group in any way.
2. We will hold the fraudsters liable by pursuing all lawful means in the event of any economic losses sustained by us or damage to the reputation of our Group as a result of the fraudulent activities mentioned above.
3. Please contact us to check and clarify if you receive any suspicious communications or messages suspected of involving the fraudulent activities mentioned above. If you are a victim of such fraudulent scams, you are strongly advised to report these scams to the local law enforcement authorities immediately.

We strongly recommend that the public and our business partners be more alert to the fraudulent scams as described above and exercise extreme caution for any cooperation opportunities solicited purportedly or a requirement for changing the bank information in the name of our Group.

If there is any questions or concerns, please contact us at [intl.sales@ni-co.com](mailto:intl.sales@ni-co.com).
